## LIVE EDGE AWARDS

Simple and pure, our Live Edge awards are handcrafted from a single reclaimed material: salvaged windfallen trees. Each piece is carefully aged to ensure a live edge that expresses the organic beauty of the wood. These Live Edge awards are personalized by laser and finished with a clear lacquer.

Due to the nature of salvaged wood, no two pieces are identical and size will fluctuate slightly. We have therefore created two options that cover a range of popular sizes. If ordered in multiples, we will endeavour to match the sizes as closely as possible.
